REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Hardeeville Jr/Sr High School is a new school configuration in the Jasper County School District located in Hardeeville, SC. The new school is a multi-million dollar facility located off Interstate 95 and Highway 278. The junior/senior high school is complete with athletic fields and courts for all the major sports and houses state of the art technology. We currently operate four complete computer labs and twelve classrooms outfitted with Promethean interactive whiteboards with accompanying projectors and software. We have begun developing a program of study for a Math/Science and Engineering Academy and anticipate including introductory courses in the fall of 2008-2009 school year.

The school district received the certificate of occupancy for our school in October, 2007, and we moved into the building on October 29, 2007. Currently, we serve 474 students in grades seven through twelve. Beginning in the fall of 2008-2009, we will become a middle/high school instead of a junior/senior high school, and we will serve students in grades six through twelve. The average attendance rate is 96.8 percent. With the addition of the sixth grade and new student enrollment we are projecting to increase our student population to 573 students for the 2008-2009 school year.

Our faculty is composed of forty-two certified teachers and seven certified non-teaching faculty members. Seven of the certified teachers are International teachers who are highly qualified in their content areas; however some require additional staff development in the areas of classroom management. The 2007-2008 school year is the first year for uniforms and single-gender classes in the Jasper County School district for 7th-9th grades. We also established a 9th Grade Academy to help 9th grade students effectively transition to high school and to reduce 9th grade retentions.

Because we are a new school we utilized the test data from Jasper Co High and West Hardeeville Elementary to determine student academic progress. Based on Winter Measures of Academic Progress Tests (MAP) results our 7th and 8th grade students made significant increases in Mathematics, but showed smaller growth in Reading. Last year, 22% of our students scored in the average and high range in math. This year 49% scored in the average and high range. This is a 27% gain in students who scored in the average and high range. Early End of course test results indicate our students had an increase in all four areas of assessment. We had an increase of 8.2% in pass rate for English 1, a 3% increase for Phy Sci, and .2% increase for Algebra 1 with one student scoring 100%. Through the collaborative efforts of the School Leadership Team, faculty and staff, district support and our state External Review Team we look forward to continuous academic growth and significant student progress for the 2008-2009 SY.
